

eCONFERENCE

The UK's largest virtual Audiology Conference featuring 25 of the world's top speakers on all areas of Audiology

Access all talks from 1st – 8th December 2017

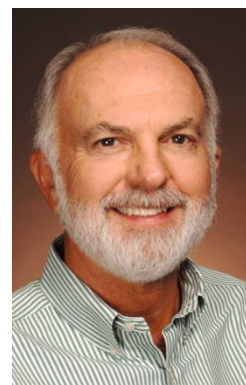

Global Brilliancy

Paediatrics		
Technology advances transforming the future of Audiology	Christine Yoshinaga-Itano, Research Professor, University of Colorado	
Paediatric Audiology@ Creating a context for brain development	Carol Flexer, PhD, Distinguished Professor Emeritus, Audiology, The University of Akron, Akron, Ohio USA	
Adult Rehabilitation		
Do good hearing rehabilitation outcomes come from good clients, good clinicians, or good devices?	Harvey Dillon, Director, National Acoustic Laboratories, Australian Hearing Hub,	
Three is not a Crowd: Family-Centred Hearing Care	Louise Hickson, Professor of Audiology, The University of Queensland	

Cochlear Implants

The voice of a CI: Quality matches by single-sided deaf listeners fit with a CI

Michael Dorman

Cochlear implantation versus the CROS hearing aid for single-sided deafness in adults

Padraig Kitterick,
Associate Professor in
Hearing Sciences,
Nottingham Biomedical
Research Centre,
University of
Nottingham

Balance

Head Impulse, Nystagmus, Test of Skew (HINTS) in acute vertigo

Dan Gold, Assistant
Professor of Neurology,
Ophthalmology,
Neurosurgery,
Otolaryngology - Head
& Neck Surgery, The
Johns Hopkins Hospital

Developing and using online 12-16 week support programs for clients with persistent dizziness/tinnitus

Joey Remenyi, Director
of Seeking Balance
Australia

Tinnitus & Hyperacusis

New Tools for Person Centred Care in Tinnitus

Cherilee Rutherford,
Senior Audiologist, IDA
Institute

Hyperacusis: What you don't know can hurt you (or your patient)?

Bryan Pollard

Bare Essentials of Audiologic Management for Patients with Tinnitus

James Henry Ph.D.,
Research Professor,
Department of
Otolaryngology/Head
and Neck Surgery,
Oregon Health &
Science University

Cognition and hearing

Action on Hearing Loss as Part of Action on Dementia

M. Kathleen Pichora-Fuller, Professor of Psychology at the University of Toronto

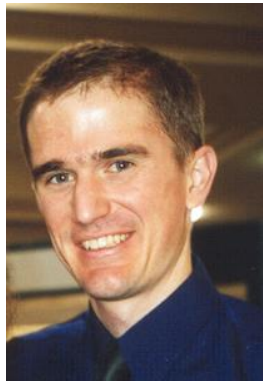

Listening effort during speech perception in noise – insights from pupillometry

Adriana Zekveld, Senior Researcher, VU University medical center, Amsterdam

Auditory Processing Disorder

<p>New Directions in CAPD Assessment: Current NAL Research</p>	<p>Dr Sharon Cameron, PhD, Senior Research Scientist, National Acoustic Laboratories - A Division of Australian Hearing</p>	
--	---	---

<p>The evolving concept of (C)APD</p>	<p>Wayne Wilson PhD MAudSA CCP, Associate Professor, School of Health and Rehabilitation Sciences; the University of Queensland</p>	
---------------------------------------	---	--

Electrophysiology

<p>Clinical procedure to identify hidden hearing loss in humans</p>	<p>Jason Sanchez Ph.D., CCC-A, Assistant Professor, Department of Communication Sciences and Disorders, Department of Neurobiology, Northwestern University, Evanston, Illinois</p>	
---	---	---

<p>Auditory Steady-State Responses and Masking</p>	<p>Karolina Kluk-de kort, Senior Lecturer in Audiology, Manchester Centre for Audiology and Deafness (ManCAD), The University of Manchester, UK</p>	
--	---	---

Global Outreach

Audiology in the developing world:
Using the EARS Inc. framework of
S.T.O.R.E to determine whether an
imperfect something better than
nothing

Peter Bartlett, Regional
Operations Manager
and Audiologist for
William Demant in
Australia & Vice
President of EARS
Incorporated

Research

How to become a Research Master

Sophie Newton, Hearing
Implant Research Nurse,
Addenbrookes Hospital,
UK

It's not all about the cure!

Prof Manohar Bance,
PhD, Professor of
Otology and Skull Base
Surgery, University of
Cambridge, Cambridge

Generating research ideas in the
clinical real world

Dave Baguley
